

# SP-10/SP-20 External Speaker

## Installation

Connect the supplied cable between the "EXT SPKR" jack on the transceiver and RCA jack on the SP-10/SP-20.

## Adjusting the Front Stand/Legs

### SP-10

Simply fold the stand forward to raise the front of the SP-10, and fold it back against the bottom case to lower the front of the SP-10.

### SP-20

Pull the front legs outward from the bottom panel, and then rotate the legs counter-clockwise to lock them in the extended position.

Rotate the legs clockwise, and push them inward. The front feet should now be locked in the retracted position.

## Specifications

### **Safety Precautions (Be Sure to Read)**

Be sure to read the safety precautions printed in the Operating Manual of the compatible transceiver to use this product safely.

### **Disposal of Electrical and Electronic Equipment**

Products with the symbol (crossed-out wheeled bin) cannot be disposed of as household waste.

Electronic and Electrical Equipment should be recycled at a facility capable of handling these items and their waste by products.

Please contact a local equipment supplier representative or service center for information about the waste collection system in your country.
