

ASSEMBLY MANUAL PHITS-K31

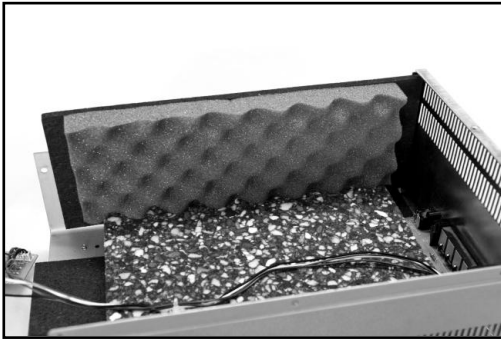

1. Take the top cover and the front panel apart and remove the back cover's side screws.
2. Place plate A as shown in picture below.

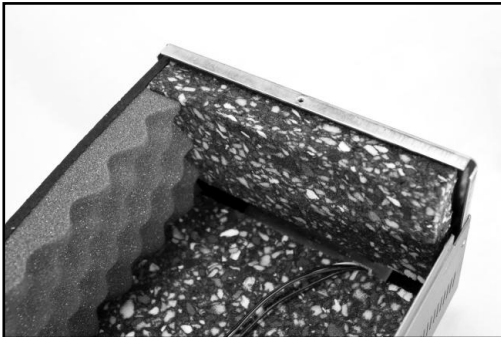

5. Place plate R as shown in picture below.

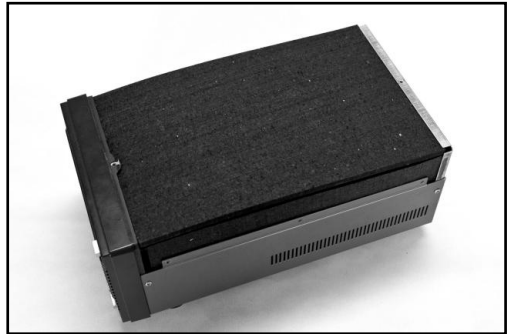

3. Place plate L as shown in picture below.

4. Place plate B as shown in picture below.

6. Plates A, B, L and R must be perfectly fitted between themselves and against the back cover.
7. Put carefully the front panel together again and tighten side screws back.
8. Tighten back cover's side screw again to help fixing plate B.
9. Place plate C as shown in picture below.

10. Replace the top cover screw it all.

Your speaker is ready. Enjoy it!
